- Fleet to fill up and state the nature of repair, cause, status, and current condition of the car. The incident report, pictures, and other documents should be attached, evaluated, verified, and be given recommendation and action by fleet.
- Fleet trace history of repair and details. The car folder should be attached for review and checking of Finance in charge.
- Fleet to indicate 2-3 different repair estimates submitted by the concerned employee; Fleet should call the car shops to confirm price. The official estimate from the car shops should be attached. Fleet endorse which estimate to be approved and mode of payment. This should be noted by HRM, for approval of FM and for further approval of GM is necessary.
- Employee should acknowledge the repair and frequency of offense, sanctions, and charges for salary deductions if applicable.

DOCUMENTS REQUIRED for INSURANCE CLAIM

- Police report or Notarized affidavit
- Repair estimate (accredited shop of insurance)
- Photocopy of Driver's License
- Photocopy of vehicle ORCR
- Picture of actual damaged on real time
- Photocopy of driver's license and vehicle ORCR of other party (if accident involved another party)
- Other documents that may be required (medical certificate, etc.)

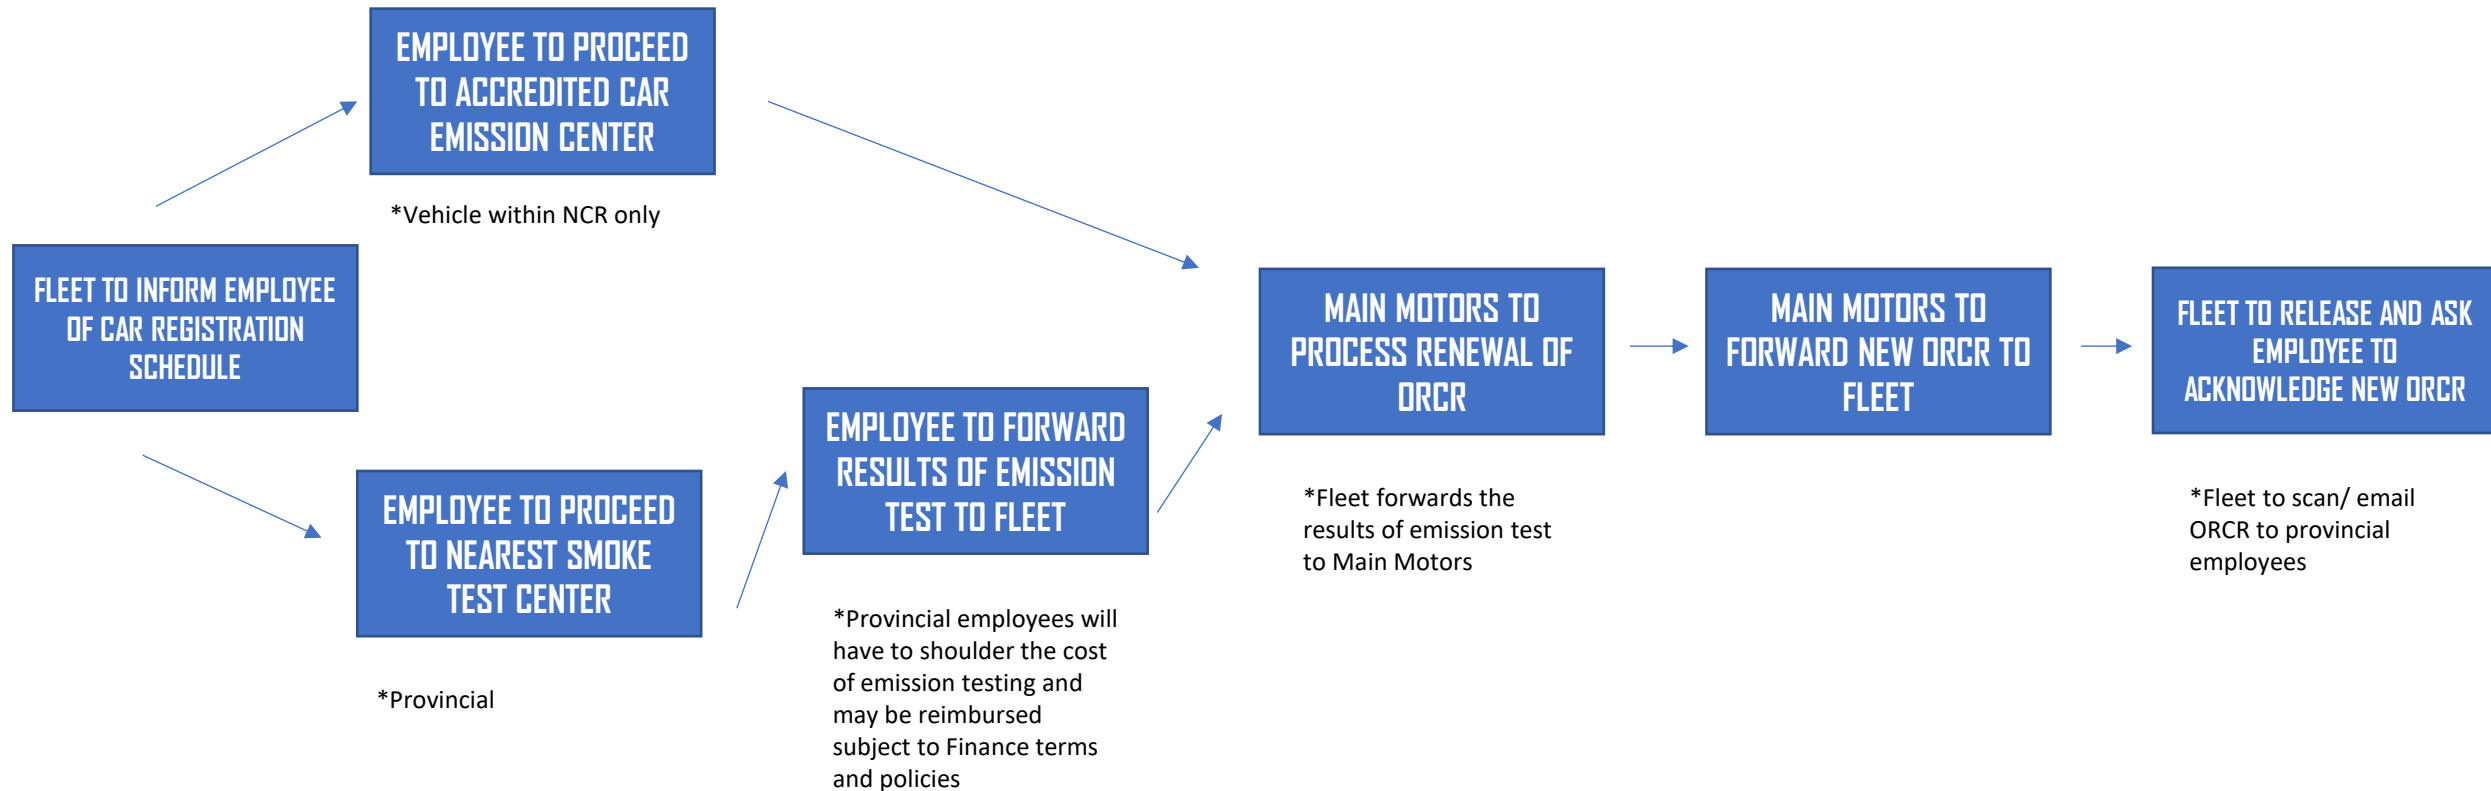

The employee will have to be responsible for securing all the required documents for any insurance claim, these should be forwarded to Fleet for immediate processing.

Repaired with lacking documents will not be processed and the cost of repair will be automatically charged to the non-complying employee.

* Participation and betterment will be covered by the employee.

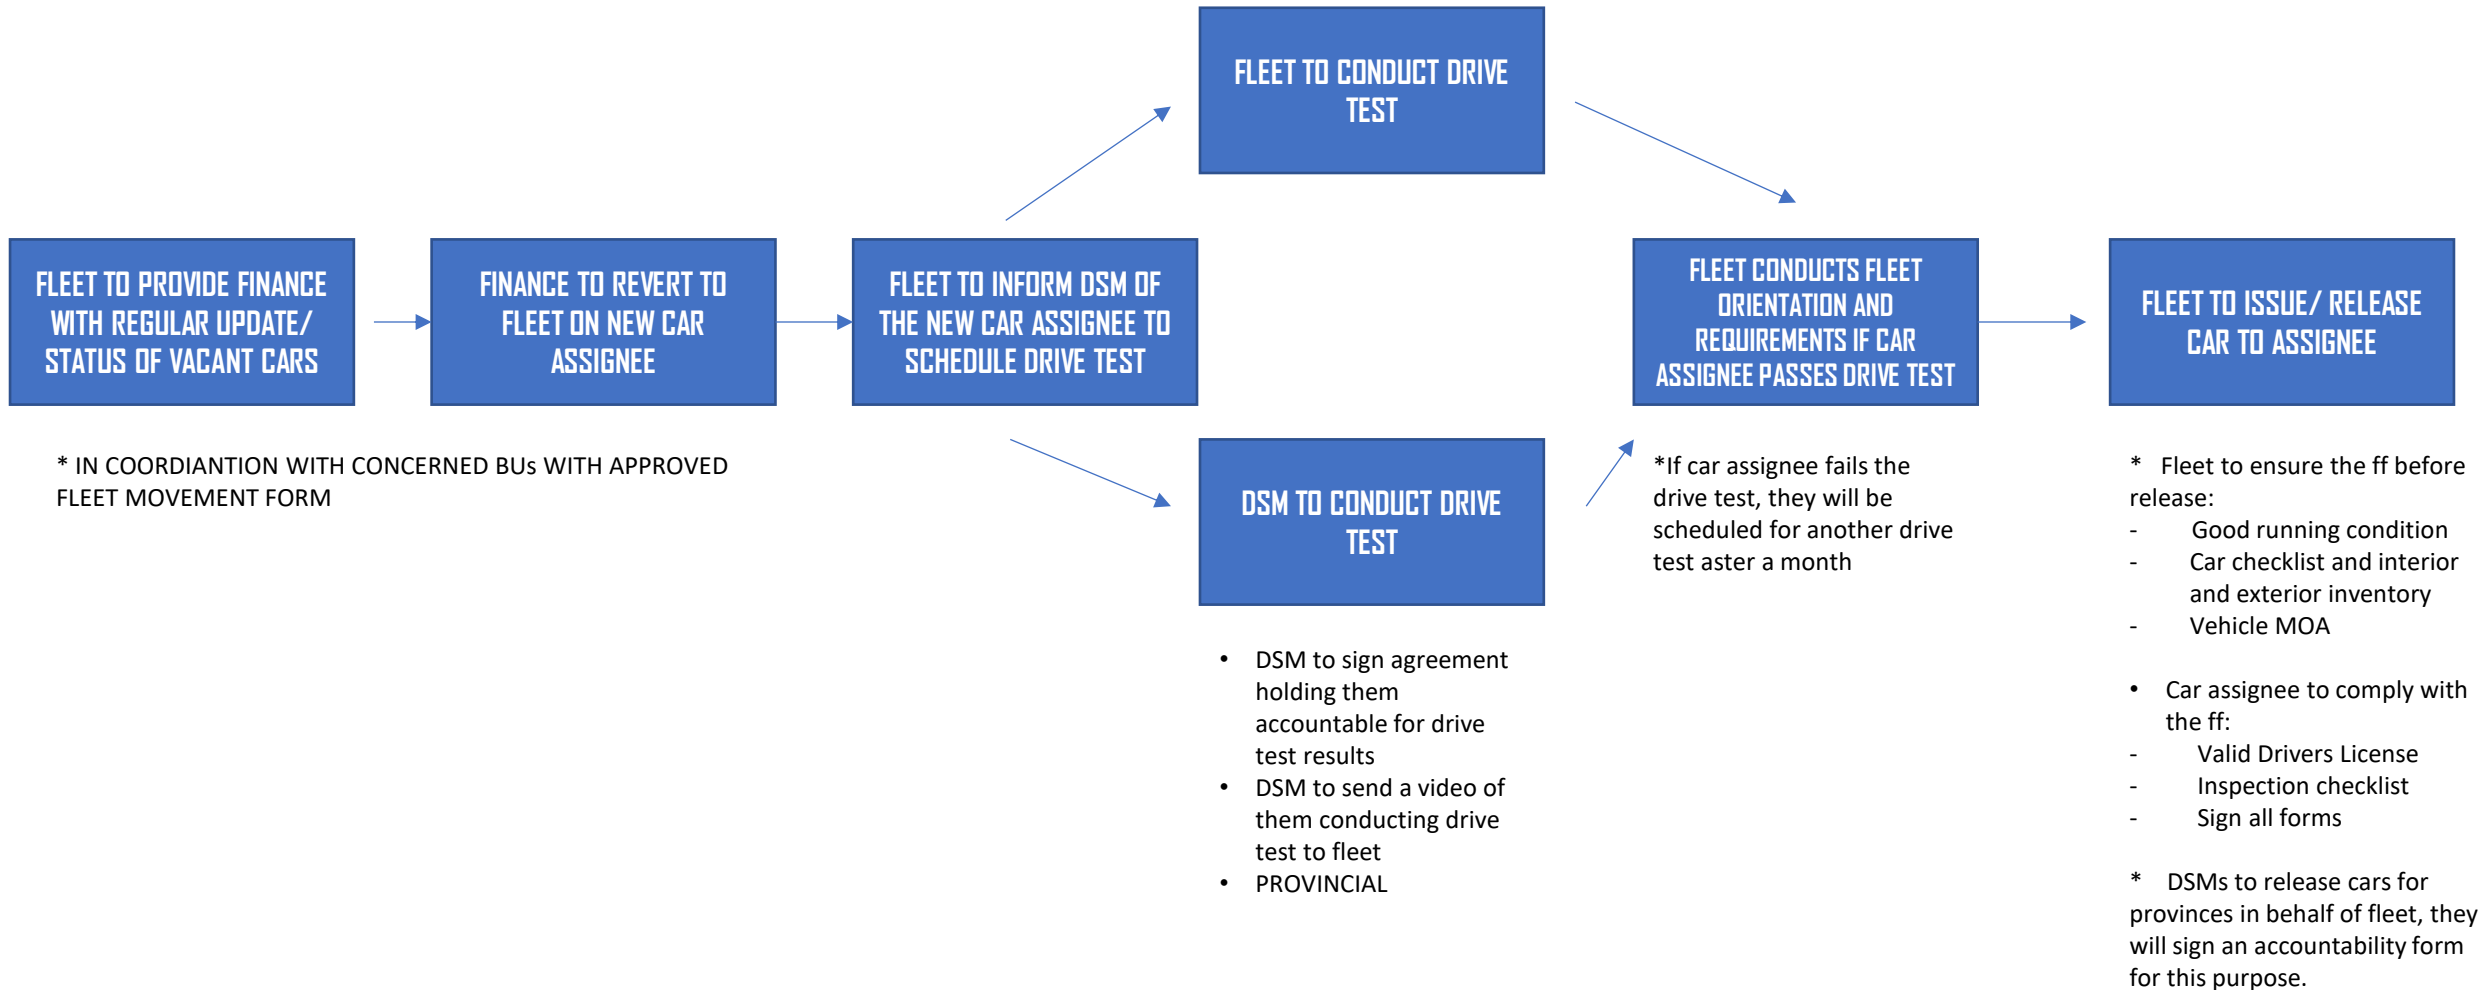

- Car repairs as a result of the following are non-claimable from our insurance coverage and will automatically be charged to the Employee: accidents due to driving under influence of liquor and/or drugs; accidents during non-working days and holidays; accidents due to a unauthorized use of the Company car; and damages with no police reports or notarized affidavit.
- The Company will not be liable for accidents that cause injury to passengers who are not affiliated with the Company.
- The Company won't issue a relief car.

CAR REGISTRATION

* Employee should settle with the MMDA and other agencies if there are violations found during the registration renewal process. All penalties as a result of non-compliance will be charged to the negligent employee.

DRIVE TEST EVALUATION FORM- all new car assignees will have to undergo a strict drive test before the Company car released to them.

Fleet or any assigned DSM will be required to objectively assess the car assignee using the form and determine whether they pass or fail.

A car assignee who fails the drive test will be asked to take a re-test after one month.

Signature over printed name / date

NEW VEHICLE INSPECTION CHECKLIST (VIC)- all Company vehicles to be released to new car assignees or to be returned by resigning employees will be required to undergo an itemized and specific vehicle checklist to check and assess the over-all status and condition of the car.

The employee and fleet or the DSM who will release or receive the Company car should all sign and conform for documentation and to determine accountability and acceptance of all findings and applicable car charges. The most common deductible car charges are dents, scratches, missing accessories, unkempt car interior, car wash over and buffing, among other.

Other SOPs:

- **Fleet Card**

- Mobilized employee to submit point to point master itinerary as basis for monthly gas allowance.
- The fleet car may be cancelled by Management at any time if with just and/or authorized cause.
- The employee has the discretion to use their personal cars BUT since its use is not mandated by the Company then the employee should release the Company from any accountability or obligation over their personal cars.
- Charging of gas during holidays and non-working days are prohibited and will be deducted automatically from the employee's salary.

- **Car Shipment and Transit**

- Fleet at times, will ask the assistance of DSMs or PMRs, especially in the provinces, when shipping cars from one area to another.
- The requested DSM or PMR will be asked to schedule shipment at the nearest port area. They should conduct and report to Fleet the necessary car checklist for accountability.
- A cash advance for payment if shipment fees will be credited to the transacting DSM or PMR, this CA is subject for liquidation in accordance to Finance policies.

REMINDERS

- Installation of car accessories without prior approval is prohibited, this includes but are not limited to the following: wheel mags, tint alteration, stereo/audio/video modification among others.
- Be mindful of finance policies on reimbursement and liquidations including the required attachment like O.R.s, approved estimate, email approval, etc.
- Cleanliness of the Company car is the responsibility of each assignee; car wash is on personal expense:
 - Routine car wash (weekly), engine wash (quarterly), interior detailing (yearly).
- Fleet, the BU managers, and especially ManCom has the authority to conduct random check/audit of all Company vehicles and report its findings for action.
- Make sure to park your Company cars at a safe and secure area, especially when leaving the Company cars while doing coverage. Avoid leaving valuables and other items that may invite car break-ins, the Company will not be liable for lost items as result of employee negligence.

REMINDERS

- The Company car is not your personal storage space and/or closet. It is highly discouraged for employees to store too much personal items on the Company car.
- Make sure to conduct a daily routine check of the following: battery, lights, leaks, license, oil, ORCR, water, fluids, fan, aircon, air, accessories, tires, tools, cleanliness, horn, hose, etc.
- In case the assignee is involved in car accident the resulted in a serious injury prohibiting them from driving, securing their health and safety is of primary importance, they however will only allowed to drive a Company car only after they have provided a medical certificate stating they are fit to drive.
- Cars that are deemed as total wrecks regardless of the cause of the accident, will prompt Management to disallow the issuance of another Company car to the employee involved. It is to the discretion of Management whether to lift or continue this prohibition.
- The Company does not issue a relief car unless approved by the GM.

REMINDERS

- Please avoid the following bad driving habits that are the most often and most common causes of car damage/accidents:
 - Speeding
 - Reckless driving
 - Use of mobile phones and gadgets
 - Driving fatigue
 - Driving under the influence of liquor and/or drugs
 - Rubber-necking
 - Driving with mechanical malfunction
 - Tailgating
 - Eating while driving
 - Road rage
 - Disregarding road and traffic signs
 - Unsafe parking area

REMINDERS

- All DSMs are required to submit a weekly vehicle inspections report of their mobilized associates whom they work-with for the week with picture and signed conforme.
- Management can, at any time and at its sole discretion, cancel the employee's privilege to use the Company car if deemed necessary or if there is a just or authorized cause.
- It is highly expected that car assignees shall only use the Company cars in connection with the performance of their duties; under no circumstance should the vehicle be used for illegal, immoral, and unauthorized activities.
- The employee shall make sure that the Company car is properly maintained in good running condition, order and appearance. Necessary repairs should immediately be reported to Fleet for proper action.
- In cases of resignation, separation, or termination of employment, it shall be the duty of the separated employee to immediately surrender the Company car in the condition it was first received by the assignee. All applicable charges/finding during the turn-over shall be charged to the resigning employee.
